The Democratic Committee held a meeting at Marion Saturday March 24. The following resolution adopted:

THE BLACK BELT

Interesting Race Study Has Just Supplied at the People's Press.

The People's Press, published at Marion, Ky.

Washington, March 25.—The report of the census of the United States, taken in 1880, has just been published. It is the most complete and accurate record of the population of the United States ever made. It shows the growth of the colored population in this country, and the progress of civilization among them. It is a valuable source of information for the study of the race problem in this country.

During the past decade the colored races have not held their own against the whites in a region where the climate and conditions are of all times which the colored people have been accustomed to. The fact is that the high rate of increase in the growth of the colored population, as shown in 1880, was not maintained, and that it was the rapid increase in the Southern States in 1870.

The following table shows the population of the several States under consideration:

State	White	Colored
Alabama	830,781	251,441
Arkansas	810,517	211,227
Delaware	144,429	39,922
District of Columbia	144,429	39,922
Florida	221,451	14,429
Georgia	1,071,882	251,441

Thriving Business at Tramps.

Jamaica, I. I., March 25.—During the past ten months, 3,000 tramps have found a harbor of refuge in the Town Hall here. The grand jury find that the county allows thirty cents a night for 1,524 g and feeding 5,000 tramps, and that this allowance has been made a large source of profit, tramps remaining for weeks at a time. Out of the thirty cents it is alleged that the janitor received fifteen cents for bread and coffee, the overseer of the poor five cents. It is said that the janitor made twelve cents clear on each tramp.

Pensions for Disabled Soldiers.

Little Rock, Ark., March 25.—The bill to pension disabled Confederate soldiers and their indigent widows, and to appropriate \$10,000 for a soldiers' home at Little Rock, has passed both houses of the Arkansas Legislature.

THE IRISH POTATO.

Is Henry, Cultivation, etc.

The Irish potato is a native of America, known in Europe before the Spanish century. The story of its introduction to the world is a curious one. It is said that a Spanish sailor, while on a voyage to America, discovered the potato in the mountains of Peru. He brought it back to Europe, and it was soon cultivated in Spain. It was then introduced to France, and from there to England. It is now one of the most important crops in the world.

These facts explain why Northern potatoes do better for planting in the South than first crop of home grown potatoes. Early potatoes, owing to the time they are planted in the North, grow late in the season, are dug late, and during winter are kept under low temperature, and when brought South in the spring are just in order to grow when planted.

A plan, practiced by some of the gardeners around Louisville, to be certain in growing a crop of potatoes for seed, is to take good sound potatoes early in the spring, either second crop or Northern potatoes, put them in barrels, then in a cool house where on account of a low uniform temperature, they will not grow much before the last of July when they are planted. Thousands of barrels of potatoes are raised in Jefferson county in this way every year, and while I am satisfied such potatoes are not equal in value for seed to second crop, they do very well and give general satisfaction.

FATAL SHOOTING.

Gen. Bennett Fatally Wounded

Consistent Gen. W. Jones.

Tuesday evening at Dyersburg, George Bennett, a young man, shot and perhaps fatally wounded Constable Geo. W. Jones. The facts as reported are substantially as follows:

Jones was guarding a prisoner whom he had under arrest; Bennett went to the door of the room occupied by Jones and his prisoner and demanded entrance. Jones opened the door but refused Bennett admission telling him to leave, the latter drew his pistol and began firing at the officer; one ball passed through the lower part of the abdomen producing what the doctors think a wound that will prove fatal. Bennett then turned and continued firing promiscuously. He was finally arrested. It is stated that Bennett was under the influence of liquor at the time.

Bennett was brought to town Wednesday, and his bond was set at \$1000, failing to fill it he will go to jail.

Railroad Talk.

If reports be true, there is a prospect at least that our town and county will have an opportunity at no distant day to derive a great benefit from the sale of the Ohio Valley Railroad to the Newport News & Mississippi Valley. The gentleman gets his information from a leading and influential official of the latter company, who states that in the early future it is their intention to extend the road from Princeton to Nashville. The gentleman further remarked that upon mature reflection, the Hopkinsville route was regarded as totally impracticable, and that the Cadiz and Lafayette was the route at present agreed upon, and that the money consideration required of the citizens of Cadiz is so liberal in its demands that the amount will be raised during the first twenty four hours.—Cadiz Telephone.

Committee

The Democratic committee held a meeting at Marion Saturday March 28. The following resolution was adopted:

Resolved that this committee endorse the call for State convention, and mass meeting of Democrats for the purpose of appointing delegates to said convention, and in pursuance with said call the Democrats of Crittenden county are urgently requested to attend the mass meeting at Marion Saturday May 2nd to appoint delegates to said convention.

How a Beautiful Flower was Named.

An old legend tells of two lovers, walking by the river Rhine. The lady begged her suitor to pluck a little pale-blue flower, growing on the bank. In doing so, he fell into the water, and was drowned; but, while sinking, he threw the flower to her, and cried: "Forget me not!" Thousands of women will never forget what Dr. Pierce's Favorite Prescription has done for them. It is named specially to cure those diseases from which they alone suffer, and which they alone consult a physician in periodical pains, weak back, prostrated, and all uterine troubles. Parly vegetable, and guaranteed to give satisfaction in every case, or money refunded.

Capt. Duval Found Dead.

Princeton correspondent to Courier-Journal: Hon. G. W. Duval died in his office this morning about 4 o'clock from an overdose of chloral or similar narcotic. He had been in bad health for some time, caused by excessive drinking. About four weeks ago his step-daughter died and last week his wife died from the loss of sleep in waiting on them. He began drinking whisky and craved it all the time, and some friends furnished him with it. He had a negro man employed to nurse him, and when he left last night he seemed to be better, but no one was with him during the night, it is thought his rheumatic pains became so severe that he took chloral to alleviate his sufferings, and took an overdose.

Mrs. A. Wolf has received \$2000 from the Supreme Treasurer of the Knights of Honor—the amount of insurance on her late husband's life. He was the first and only member of the Lodge of this place to die. The Lodge was instituted in 1878, and now has a membership of 16. The officers this year are C. E. Doss, Dictator; J. H. Hillyard, Financial Reporter; D. Woods, Treasurer; R. C. Allen, Reporter; J. P. Pierce, Grand Lodge Representative.

Burglary at Princeton.

Princeton, Ky., March 27.—The grocery house of C. L. Smith & Co., of this place, was broken into last night by burglars and a small amount of goods and money taken. From the appearance of things they got a scare, which made them leave before they were ready. The tools were found near the safe, showing that they had been ready to commence work on it, but it had not been touched. The tools are such as to indicate that they belonged to experts, being of the same appearance as those used in the post-office robbery here some time ago. They were evidently a very slick and bold band, as this grocery was on the corner of one of the most prominent thoroughfares.

CLOSING OUT

AT COST.

Having decided to devote my entire time to the sale of my Button Case, I will close out my stock of goods AT COST.

Thanking customers and the public generally for past patronage, I will say that if you want goods at a bargain, I now offer you the best opportunity to get them. All persons indebted to me are earnestly requested to call and settle. My business must be wound up. Don't postpone this for I need the money to put into my button case business.

T. J. CAMERON.

The Tiger Disc Harrow has a steel frame; no wood to wear out.

Crider & Crider.

The Keystone is the only Disc Harrow made having two levers, anti friction ball bearing hangers, and rolling cleaners. It positively has no neck weight, no side draft, and is guaranteed to run lighter, last longer, and easier to handle than any other Disc Harrow on earth. These are not false statements made for the purpose of making sales. But they are facts undeniable and indisputable to which every farmer acquainted with the Keystone Harrow will testify. Sold only by Pierce & Son.

Have just received an immense stock of millet and oat seed. Get them before they are gone, as I am selling very fast.

THE ACADEMY.

THE NORMAL TERM BEGINS MAY.

The Normal Term of the Marion Academy, for the special training of teachers, will begin May, 1891, and continue four weeks. This will be a splendid opportunity for teachers, or those who wish to be examined. It will also be of great value to any student who wants to take a critical review in the common school branches. We will give a thorough drill in all the common school branches, and also give daily lessons on how to organize, govern, discipline, and teach a school. The term will close before the sultry days of summer, thus giving pupils the most favorable time of the year for study. Our pupils speak highly of our Normal Term last year; we are satisfied we can make it much better this year. We have the guarantee of a large class of fine students. This will add much to the interest. But we can teach seventy-five or eight as well as fifty. Don't miss this opportunity. Tuition \$1 per week, payable in advance. Good board for \$2.00 to \$2.50 per week.
